ABOUT ME

Full Stack Developer with **4+ years of experience** building modern, scalable web applications using the **MERN stack** and **Next.js**. Skilled in designing and developing end-to-end solutions, from responsive user interfaces to robust backend systems and APIs. Experienced in delivering real-world projects and applying strong problem-solving skills to bring ideas from concept to deployment. Additionally, I have hands-on experience developing **AI agents** using **Python**, **LangChain**, and **LangGraph**, enabling intelligent, workflow-driven applications. Passionate about learning emerging technologies and creating innovative software solutions that solve real-world problems. I have also 1 year instructor experience in The experts institute.

SKILLS

Frontend: React.JS, NextJS, JavaScript, python, Typescript, CSS3, SCSS, HTML5, BootStrap, Tailwind, Redux , and Stripe

Backend: Node, Express, MongoDB, Firebase , socket.io and Supabase

Extra Skill: LangGraph, LangChain, postgreSQL, CI/CD , Github actions and Docker

EDUCATION

BSCS: GC University Faisalabad 2022-26

FSC: G.Islamia College FSD 2020-22

Matric: G.Crescent High School FSD 2018-20(A+)

Learning

SMIT (Batch-07) (2024)

Birdview Logic Software House(2023)

Self Learning (2022)

Current

Currently, I am working as a freelance web and app developer, offering my services on platforms such as Facebook and LinkedIn. I specialize in React.js and the MERN stack to build responsive and user-friendly applications. In addition to my freelance work, I have been teaching as a Full Stack Instructor in **The Experts Institute** Faisalabad.
